

# Christian Paranas

SOFTWARE DEVELOPER

## Profile

I build digital experiences that users love and businesses rely on. As a web developer, I combine a passion for UI/UX with the technical expertise to build robust, scalable back-ends. I thrive in collaborative environments where I can learn new frameworks, solve complex logic puzzles, and deliver products that actually work. I'm always looking for the next challenge in web innovation.

## Employment History

### Senior Software Developer, Accenture, Cebu

JUN 2025

- **Acted as one of the primary technical liaison for stakeholders**, translating complex business requirements into seamless UI/UX designs and robust backend logic.
- **Built Systems from Scartch and Modernized legacy infrastructure** by integrating scalable cloud solutions on **Azure**, significantly improving system stability and user accessibility.
- **Ensured operational excellence** by providing advanced technical support and performance optimization, resolving critical issues to maintain service continuity.

### Programmer, Geodata Solutions, Inc., Pasig City

SEPT 2023

- Enhanced digital services for a local government unit in the Philippines.
- Improved user experience and efficiency with new features.
- Integrated enhancements using SQL Server, ASP.NET, JavaScript and Azure.
- Provided continuous technical support for system stability and performance.

### Software Developer Intern, Telmo Solutions, Tacloban City

FEB 2023 – MAY 2023

- Partnered with software developer interns to effectively deliver a major software project on schedule and within budget constraints.
- Troubleshoot software issues, pinpointed root causes, and implemented effective solutions to ensure optimal performance.

### Service Crew, McDonald's

JUN 2018 – AUG 2023

- Maintained a clean and organized work environment, resulting in improved customer service and faster order processing
